ACSD Google Accounts
How to log in and access your ACSD Google Account

Beginning this fall, every student and faculty member has a district created Google Apps account. To access your account go to https://drive.google.com

- [ ] Log in with your ACSD username (**make sure you include @acsdny.org**).

- [ ] Use the same password that you use to access the computers and your e-mail.

- [ ] Your computer, e-mail, and Google Apps passwords will **always** be the same. When one changes they **all** change.

- [ ] Please be aware that your computer, e-mail, and Google Apps password is **not** connected to Edline.
