SUBJECT: STUDENT DIRECTORY INFORMATION

The District shall publish an annual public notice informing parents or eligible students (i.e., a student 18 years of age or older or who is attending an institution of post-secondary education) of the District's definition of directory information, the parent/eligible student's right to refuse the release of student directory information and indication of the time period for their response. (Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed.) Following such public notice and a reasonable response period, the District may release such information to an outside group without individual consent.

The Family Educational Rights and Privacy Act (FERPA) defines student directory information as any of the items as indicated in the following list. The Arlington Central School District will release the following defined directory information as listed below:

- a. Student's name
- b. Address
- c. Telephone listing
- d. Date and place of birth
- e. Major field of study
- f. Grade level
- g. Participation in officially recognized activities and sports
- h. Weight and height (for members of athletic teams)
- i. Dates of attendance
- j. Honors, degrees and awards received
- k. Email address
- l. Photograph
- m. Name of educational institution previously attended

Parents and eligible students may not, by opting out of disclosure of directory information, prevent a school from requiring a student to wear or present a student identification card or a badge that displays information that may be directory information. A student's social security number, in whole or part, will not be designated as directory

information.

Limited Directory Information Disclosure

Limited Directory Information Disclosure means that that the District may limit disclosure of its designated directory information to specific parties, for specific purposes, or both. Allowing limited directory information disclosure may permit the District to use student directory information for such limited purposes as school yearbooks, honor roll lists, graduation programs, playbills and other similar uses, without obtaining individual consent. Limiting the disclosure of such information may be beneficial when the District perceives such disclosure as putting students at risk of becoming targets of marketing campaigns, news media or possible victims of criminal acts. The District shall limit its disclosure of its designated directory information as specified in its public notice to parents and eligible students.

Military Recruiter Access

The release of student directory information is not to be confused with the release of names, addresses and telephone listings of eligible students (i.e., a student 17 years of age or older or in the eleventh grade (or its equivalent) or higher) to Military Recruiters. In compliance with the Elementary and Secondary Education Act (ESEA) of 1965, as amended by the No Child Left Behind Act of 2001 (NCLB), and the National Defense Authorization Act, the School District shall notify parents that by law it routinely releases this information to Military Recruiters upon request subject to a parents'/eligible students' request not to disclose such information with written parental verification of such request.
