Question: Forgiveness, kindness, and empathy can have a positive impact on a person's life. How does Mrs. Jones's kindness to Roger change him? Explain how he changes by finding evidence of who he was at the beginning of the story, and how he changed over time.

Forgiveness, kindness, and empathy have a positive impact on a person's life. In Langston Hughes' "Thank You, Ma'am," the protagonist, Roger, is changed when Mrs. Jones shows him kindness after he attempts to steal her purse. Mrs. Jones shows him kindness when she told him to wash his face. "Then it will get washed this evening," (pg 2) Mrs. Jones said to Roger. This quote shows kindness because Mrs. Jones offers to let him wash his face and cares if he is clean. This interaction changes Roger because he feels like someone finally cares about him. An example of this change is when Roger has the chance to run, but chooses not to.
