Flash Card Assignment   Mrs. Leitheuser, NBCT

TASK: USe computer lab time, to find **TWO** plating images that depict **each** of the principles and elements of design.

When back in the classroom - Paste your images on the back side of the index card provided. On the other side of the index card, write the principle or element and its definition (use the hand-out I provided). Refer to my sample flash cards for further clarification if needed.

You will use these cards all semester to help you when creating your plated designs, so do a thorough job. Pick images that will help you understand the principle or element in the future.

Write the FULL definition!!!!

You will be graded on:

- The appropriateness of the images you use for each principle/element   (20 points)
- That you have 2 images per element/principle (20 points)
- That your definitions are correct and fully written out (20 points)
- That you use your computer lab time constructively (20 points)
- That your flashcards are handed in on time (20 points)
- That you complete all of the flash cards (20 points)
- That your name is on EVERY flash card (20 points)

                              Points _____/140
